

“Progress is impossible without change, and those who cannot change their minds cannot change anything”

**Dear Parents,
Warm greetings,**

We welcome you all to the beginning of new session. In order to accommodate the growing SGS family a new floor has been completed and Class VI & VII are seated there. By taking into consideration the complaints of heavy bags being carried by students we have come to a conclusion by doing random bag checking that:-

- * Students are carrying books and notebooks of the subjects that are not given in the time table.
- * Tuition registers are even carried in the bag along with the old newspapers & magazines.
- * Many extra material like carrying of art files, posters colours are even found in the bags on daily basis.

So in order to overcome with all these difficulties we will be taking certain measures like -:

- * Keeping of **G.K. , Computer and School Cinema Books** in the class room cupboard to be used during those period.
- * **Atlas** to be brought to the school only when asked. and **Lab manuals (Maths & Science)** to be kept in the class almirah.
- * **Even water bottles** can be sent empty to lighten their burden. Empty stainless steel water bottles weigh more than 2 kgs.

We also request you to kindly ask to your ward to arrange their bags according to the time table for making their bags light and learning joyful.

Best Regards

(PRINCIPAL)
